Excellent opportunities are available for Project Professionals
to work on key Newcastle and Hunter Valley positions

PROJECT CONTROL MANAGER

Long term contract

Upper Hunter Valley Location

Our client is a leading blue chip company related to the mining industry in the upper Hunter Valley. They are currently looking for a passionate, innovative, solutions driven Project Controls expert to join their team:

- Relevant tertiary qualifications
- Possess several years' industry/project/construction experience
- Be cost controls savvy
- Possess knowledge management ideally with large projects
- Project Management Methodology
- Construction Management Systems
- Document management and associated systems and processes
- Be passionate innovative solutions thinker

You will be highly organised and task orientated, you will be confident in working autonomously with minimal supervision, and you will go a step beyond the call of duty! Your excellent written and verbal communication skills will put you in good stead to liaise with stakeholders at all levels. Previous experience in similar roles, coupled with strong computer skills, particularly MS Office, and Project Management systems will ensure your success in this role.

DOCUMENT CONTROL OFFICER

Permanent Role

Maitland Region

Our client is a global market leader of solutions in measuring and process technologies. Our client has the combination of know-how, field proven technology and 125 years of experience which enables them to offer tailor-made solutions. They also develop, manufacture, assemble, market and sell a full range of solutions, products and turnkey systems on the basis of combining process engineering expertise, reliable components and field-proven technology. Due to their expansion they require a savvy document control officer with the following background:

- Previous experience working in an engineering environment
- Technical manual development and collation
- Vendor data and customer data collation
- Expect, for the right candidate a 12mths plus type role, could go longer
